## OVERVIEW:

On April 30, 2020, **Alpha Transports, LLC (Alpha)** delivered its first 500 packages for Amazon! As a DSP, Delivery Service Provider, **Alpha** is responsible for the "last mile" delivery from Amazon fulfillment centers to its customers. DSPs are hand-picked delivery vendors for the giant retailer and operates with a high level of standard and professionalism. In the first 8 months, **Alpha's** revenue was \$1.7M, had 80 employees, supporting up to 37 routes, with 43 Cargo vans and delivered over 1.2M packages!! **Alpha** now operates a daily average of 25 routes with 35 Cargos Vans in the Bensalem area. **Alpha** consistently operates above Amazon's vendor requirements constantly exceeding Amazon standards.

On February 19, 2022, Alpha expanded its customer base to service FedEx in the New Castle County DE area. Operation under the name of **Fain Logistics, Inc** our team of 21 drivers supports 13 consistent routes in the Maryland area.

We have now expanded our operations! In addition to being a premier delivery service provider, we are now a premier 3PL provider. This strategic move gives us more reach on the supply chain and allows us to provide a full range of logistics services to our customers!

We have the knowledge and expertise. In addition, to understanding supply chain, logistics, and inventory management we are also Lean Six Sigma professionals, OSHA certified, Green Belt, and Project Management Certified.
